Mr. M. Power
Power Printing Ltd
Main Road
Cenchester

Dear Mr. Power,

We hope this email finds you well. Our analysis of the Pulp Novels contract offer is progressing nicely and we have a number of questions which we believe you may be able to assist us with:

- We estimate a warehouse size of 2,900 sq. ft. With that in mind, would you be able to advise how many dehumidifiers would be required and cost associated with that?
- With that size warehouse, how many forklifts would you recommend?
- Regarding the warehouse build could you clarify if the installation of all services and the installation of air conditioning can happen in tandem?
- We have priced the warehouse at €174,000 (€60 per square foot), does that price exclude installation of services, installation & purchase of doors, pave external area and build external platform.

We would greatly appreciate advice on the matters mentioned above. If you require further clarification on any of our points, please don't hesitate to ask.

Yours sincerely,

Team 5
